Important Booking and Cancellation Information

We're happy to answer your questions on WhatsApp, but all quotes will be provided via email.

Cancellations must be made in writing.

Please refer to our email signature for our cancellation policies.

We strongly recommend purchasing travel insurance to cover unexpected cancellations due to emergencies, health issues, flight delays, or other unforeseen circumstances.

As a small family business, we can only accommodate a limited number of guests.

Please note that cancellations can impact our business significantly, as we may not be able to fill the cancelled booking and will therefore incur a loss of revenue.

If you need to cancel, we'll be happy to provide an invoice for your travel insurance claim.

Important Note Regarding Tour Itinerary:

Our tour prices are carefully calculated and transparently structured according to the specific number of wineries included in each itinerary.

Please note that choosing to forgo or skip the scheduled lunch stop will not result in an additional winery being added to the itinerary. The number of wineries visited remains as originally planned and reflected in the tour price. Skipping lunch will simply mean that your tour concludes earlier than scheduled.

We appreciate your understanding in this matter and encourage you to carefully review our tour itinerary before making any decisions. If you have any questions or concerns, please don't hesitate to reach out to us.

Thank You

Johan & Danelle Barnard
